OBJECTIVE

My academic pursuits are focused on computer science and engineering, and I have a background knowledge in algorithms, data structures, and software development. Python, R, and C are among the programming languages that I am familiar with. I gained valuable knowledge in report writing, data analysis, and outcomes presentation during my internship at Allied Analytics. I'm looking forward to apply my technical and analytical skills to a collaborative setting, being detail-oriented and a good team member.

EXPERIENCE

Allied Analytics -   **May 2024 - July 2024, Maharashtra, India**

During my internship at Allied Analytics, I performed significant market research to collect and analyze data on industry trends, market size, and competitive landscapes. I helped prepare complete market research studies and used presentations to share the results with clients. This encounter enhanced my capacity to provide meaningful insights and improve my analytical abilities.

EDUCATION

- **GITAM Deemed University Bangalore**   **2021 - Present**
  Bachelor of Technology in computer Science and Engineering
  Cumulative GPA: 8.74/10

- **Narayana Junior College**   **2019 - 2021**
  Board of Intermediate Education
  Percentage: 94.8%

- **Sri Chaitanya High School**   **2018 - 2019**
  Secondary Board of Education
  Percentage: 93.1%

SKILLS

- C
- Python
- SQL
- Data Structures and Algorithm

SOFTWARE

- Dev C++
- Google Colab
- Online GDB
- SQL

ACADEMIC PROJECTS

- **Predictive Analytics for Crop Yield Optimization (Present) 2024**

I am developing and implementing machine learning models to predict crop yields based on historical data and environmental factors. I am also working on data preprocessing and feature engineering to improve model accuracy.

TRAINING/COURSES

- Data Analytics Process Automation Virtual Internship.
- Google AI & ML Virtual Internship.
- Introduction to Cybersecurity Cisco Networking Academy.
- Data visualization with R.

WORKSOPS

- I participated in the Code-A-Thon with my team, conducted by Gitam University.
- I Participated in a hackathon on solving problem statements related to Blockchain Technology (Devoting) organized by GITAM (Deemed to be University).
